## Our Behaviours

- ✓ Build relationships by building trust
- ✓ Deliver on agreements
- ✓ Be creative to find solutions for customers
- ✓ Care about each and every member of the team
- ✓ Be accountable for ensuring a safe workplace at all times

**Aurum Contracting is an established Full Scope and Minor Works Civil Contractor, working across the Oil, Gas, Mining, traditional and renewable Energy Sectors and the Infrastructure Sector. We aim to build long term relationships with our clients, that enable us to understand their business visions and goals. Our commitment to health, safety, quality and the environment underpins everything we do and ensures we can deliver projects which exceed our clients expectations.**

Our Team has extensive experience in Civil Construction, Security and Farm fencing and Infrastructure Site Maintenance Services, constructing access tracks, pads, clearing works, stock and security fencing on APLNG, QCLNG, GLNG sites and across remote areas of QLD, the NT, SA and NSW.

At Aurum Contracting we actively support local industry and business by engaging with the local workforce and using local suppliers and service providers wherever possible. We work continually at developing opportunities for local industry.

We appreciate the value in forming lasting relationships within the local communities we work. This includes training and employing local residents, contractors and indigenous youth and investing in the training and upskilling of our workforce on an ongoing basis, ensuring our people have the best opportunities available for job advancement.

We understand the importance of strong and flexible working arrangements between the client, our subcontractors, and our workers on the ground. With our wealth of industry knowledge and experience, our highly skilled team is able to rapidly respond to the ever changing project needs of our clients.

Building credibility and trust, we have a shared purpose that benefits everyone - to form relationships that are lasting, continually evolving and beneficial to the local community.

By providing flexible solutions to clients Aurum Contracting has established strong relationships with major construction and seismic companies.

These relationships are ongoing due to Aurum Contracting's dedication to safe, timely, quality service.

We constantly invest in training and development of key personnel to ensure we can respond quickly to the continual changes in the engineering, infrastructure and construction industries. We can assure that our services are flexible and innovative and truly meet each client's specific needs and requirements. Aurum Contracting has completed works in the coal seam gas, mining, seismic and civil construction industries.

### Who we have worked with:

- ✓ Origin Energy
- ✓ Origin APLNG
- ✓ CPB
- ✓ RCR Infrastructure
- ✓ Monadelphous
- ✓ Broadspectrum
- ✓ FKG
- ✓ BMD Construction

We have a diverse range of equipment including: skid steer loaders, backhoes, dump trucks, excavators, graders, tippers, water trucks, scrapers and vegetation clearing & mulching equipment.

All vehicles have In-vehicle monitoring systems (IVMS) and safety features such as roll over protection (ROPS). As a lead action, we employ a mobile mechanical team which includes qualified fitters to perform servicing and maintenance of our plant and equipment to reduce the risk of breakdown and maintain safety.

Health and Safety is our  
biggest priority.

## Health & Safety

### Health and Safety is our highest priority.

Safety is a core to our business, we support our employee's safety through the implementation of our health and safety management system which Complies with current Australian Standards As a part of our commitment to safety we are continually monitoring our safety performance to ensure continuous improvement.

We will be undertaking certification of our HSEQ systems with an accredited certification organisation in 2021-2022

At Aurum Contracting we are on a continuous path to enhance the safety culture, standards and practices across our business. By providing regular safety training and updates to our employees Aurum Contracting strives to ensure we protect our people by staying LTI free.

We encourage personal responsibility and accountability for safety. We foster the practice that nothing is as important as safety and everyone has a right to safety.

## Quality and Environment

### **Aurum Contracting actively supports environmentally sound practices across all areas of the business**

Our certified Environmental Management System complies with current Australian Standards and we are committed to monitoring and measuring all environmental practices to ensure continuous improvement in activities and sustainability for the future.

We aim to minimise our environmental impact by minimising pollution and carbon emissions to ensure standards are met. We encourage personal responsibility by educating our employees to increase their environmental awareness and empower them to make sound personal environmental decisions.

Aurum Contracting supports preserving cultural heritage on all sites where we work. We provide employees with education and training to ensure they have the knowledge, skills and awareness to monitor all activities, to make sure we meet cultural heritage requirements.

We are committed to ensuring quality is managed throughout every aspect of the company and will have our Environmental & Quality systems certified by an accredited certification organisation in 2021-2022

As a commitment to quality we constantly monitor our service delivery to ensure satisfaction and continual improvement to our processes.

We actively support  
environmentally sound  
practices

**The success of our business is  
built on employing skilled people  
with the experience required to  
manage your work.**

**We make your job easier.  
We deliver quality service,  
safety, reliability and client  
satisfaction.**

Aurum Contracting welcomes the opportunity to partner with you on your project. Our people are highly skilled and experienced in all areas of project management and delivery.

At Aurum we pride ourselves on being able to deliver practical, cost effective solutions. Our innovative thinking and positive attitude helps us to exceed client expectations. We believe in building long term relationships with everyone including suppliers, contractors and clients and we ensure all stakeholders are involved in a project from the outset to final completion and handover.

We work to encourage diversity in the workplace and employ non-discriminatory employment practices, constantly invest in our people and stand by our core values and behaviours.

Thank you for taking the time to read our Corporate Brochure and to learn a little about the way in which Aurum Contracting can assist you. Please feel free to contact me for any further information you might require.

Kind regards
